The Editors and Publisher of the International Journal of Medicine and Biomedical Research would like to inform the readers that the following article has been retracted from the journal:

It was found out that a substantially similar version of this article had been submitted to, and published in, Pakistan Journal of Nutrition.

Eleazu C.O was contacted on behalf of all authors. He agreed that the content of the article was identical to that published in Pakistan Journal of Nutrition.

This constitutes a violation of publication ethics. It is a breech of warranties made by the author with respect to originality upon which we received, peer-reviewed, accepted and published the article. To maintain scholarly record, the article will remain online, however, it would be watermarked on each page as RETRACTED.
